## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-20 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Pat. No. 5,667,261 to Weinerman.

Weinerman '261 teaches Applicant's claim limitations including : a "base" - ,including 150, a "handle" - including 200 as shown in Fig 4, "connected to said base" - by pin 170, a "pin rotatably supported within said handle" - 270, a "bracket pivotally arranged with respect to said handle" - 250, a "spring arranged between said handle and said pin" - 197.

As regards claim 2, portion of 250 extending from 270 in a direction opposite 260 wherein 276 is threaded on reads on limitation of "lever".

As regards claim 4, reference discloses "projection" - 199.

As regards claim 5, parts 409 read on "fastener" limitation.

As regards claim 6, bias applied to 250 described at col 11 anticipates limitation.

As regards claim 8, as described at col 11; line 29.

As regards claim 12, part 325 anticipates limitation.

As regards claim 18, reference teaches part 50.
